FOLLOW THE INSTRUCTIONS ON THE ENCLOSED SHEET ON HOW TO TAKE YOUR BOWEL PREPARATION EXACTLY AS DIRECTED.

Please do not consume any raw fruits or vegetables for 3 days prior to your exam.

The day before you colonoscopy you cannot eat any solid food and you must follow a clear liquid diet. Clear liquids include Gatorade (not red), clear broth, apple juice, Jell-O (not red), black coffee (no milk or cream), tea, water, soda, popsicles and Italian ice (not red).

You cannot have anything to eat or drink after midnight the night before your colonoscopy. You can take medications, such as blood pressure medication, on the day of your procedure with a sip of water.

Please do not take aspirin, Ecotrin or anti-inflammatory medication, such as Motrin (ibuprofen) or Aleve, for one week prior to your colonoscopy, unless otherwise instructed by your physician.

If you take **Coumadin** (warfarin), **Plavix** (clopidogrel), **Pradaxa**, **Xarelto**, **Eliquis** or **Effient**, please contact our office if you have not already received specific instructions regarding taking these medications and your planned colonoscopy.

If you take insulin or other diabetes medications, please contact our office or the doctor who prescribed these medications for specific instructions.

You will be receiving sedation for your colonoscopy and **YOU CANNOT DRIVE YOURSELF HOME.** You must arrange for someone to drive you home after your colonoscopy.

Patient Instructions:

The Movi Prep carton contains 4 pouches and a disposable container for mixing. You must complete to entire prep to ensure the most effective cleansing

Beginning at:

6PM the night before your colonoscopy

STEP 1

◇ Empty 1 Pouch A and 1 Pouch B into disposable container

◇ Add lukewarm drinking water to the top line of the container. Mix to dissolve

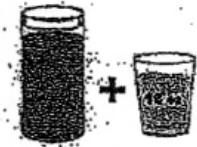

If preferred, mix solution ahead of time and refrigerate Prior to drinking. Solution should be used within 24 hours.

STEP 2

◇ The Movi Prep container is divided by 4 marks. Every 15 minutes drink solution down to the next mark, (approximately 8oz), until the full liter is complete.

◇ Drink 16oz of any clear liquid of your choice

Beginning at:

9PM the night before your colonoscopy

◇ Repeat steps 1 and 2.
